

# QUICK INSTALLATION GUIDE

FOR YOUR CABLE MODEM

**INTERNET MODEM  
(HITRON CDA3-20)**  
ENGLISH

## STEP BY STEP INSTRUCTIONS

TO CONNECT **CABLE INTERNET MODEM (HITRON CDA3-20)**

**Purchased a Wi-Fi Router from Flash Services?**  
Follow the Modem & Wi-Fi Router Combo Quick Installation Guide included with your router.

**IMPORTANT!**  
Wait until your internet installation/activation date and time, then follow the steps in this guide.

**INCLUDED EQUIPMENT:**

CABLE MODEM

ETHERNET CABLE

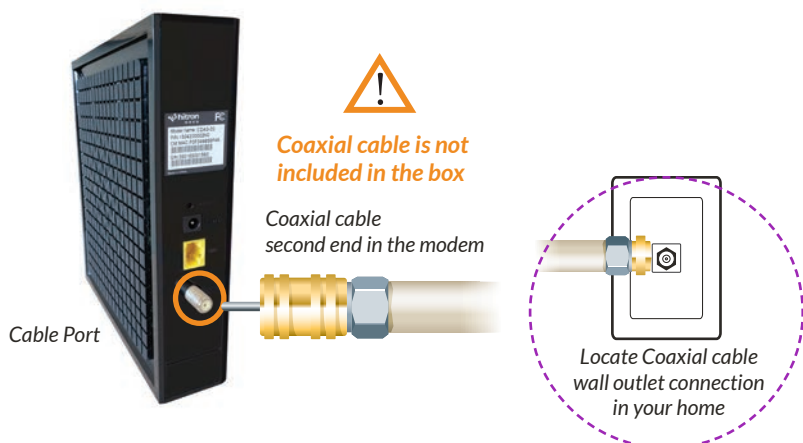

MODEM POWER ADAPTER

### STEP 1

#### Connect your Coaxial Cable to the Modem

- Locate the coaxial cable in your home. (connected to the cable outlet).
- Connect it to the cable port, (located on the back of the modem), using 3 clockwise rotations or until securely fastened.

### STEP 2

#### Power on your Modem

- Plug the modem power adapter into the back of the modem.
- Connect the other end into the nearest power outlet.
- The "Power" LED on the front of the modem should be blue.

## STEP 3

### Confirm Modem is Online

- Wait until the "Power" LED is solid green.
- This may take up to 10 minutes.

**Note:**  
You must have a Wi-Fi router if you want to set up a wireless network in your home.

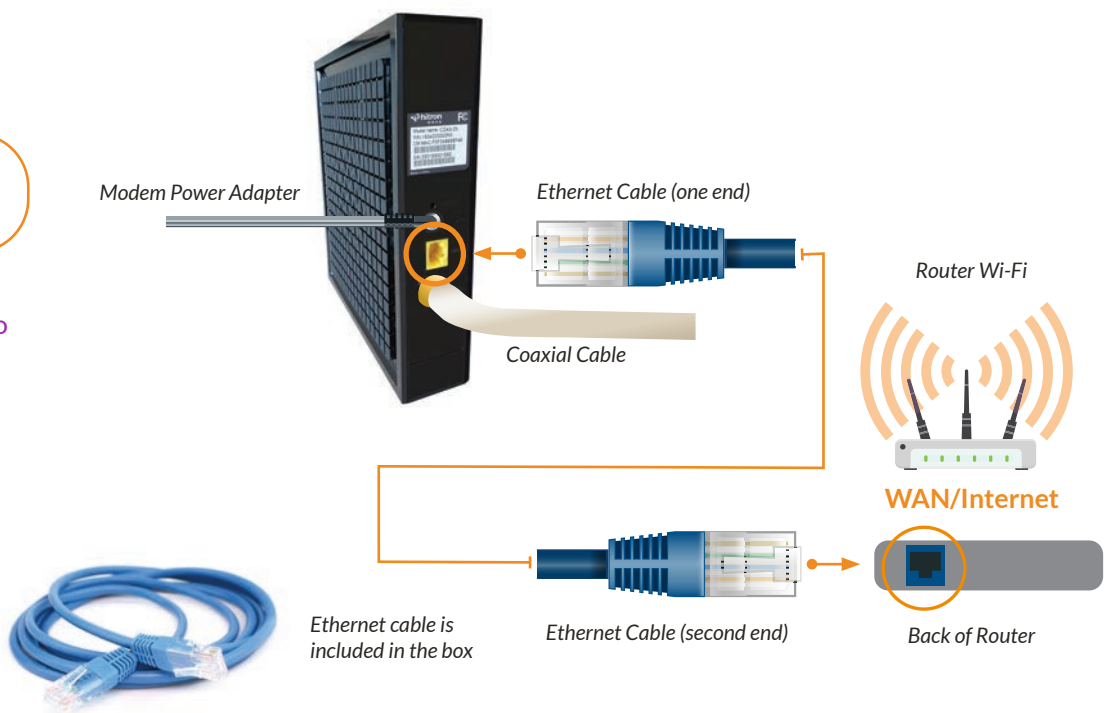

## STEP 4

### Connecting your Wi-Fi Router

- Connect the ethernet cable to the yellow port of your modem and then to the "Internet" or "WAN" port on your router.

**Your Wi-Fi router should now be connected to the Internet!**

- Reference your router's manufacturer guide to complete the setup.
